

## **OneTribe Church COVID-19 Guidelines**

Welcome back! Your safety is our priority as OneTribe Church. These are guidelines on protective measures we have taken to ensure everyone in our space feels safe as we fellowship together in the new year amidst the fading out Covid-19.

### **Every Sunday morning:**

- All the spaces to be used by OneTribe Church will be thoroughly cleaned and sanitized.
- Once you come through the gate, your car and all bags will be checked by the facility guards.
- On security checkpoint, there will be screening for all on the following:
  1. Your body temperature is below 37.5 degrees.
  2. Your mask is properly worn – those without a mask will be issued with one.
  3. You have washed your hands or sanitized on the stations provided on the premises.

### **At the Registration Table:**

- If you sign in on the link sent during the week, this will be a walk through which minimizes crowding at the registration desk.
- You will be checked in on the registration list by our Welcome Team.
- Hand sanitizer and spare face masks will be available at the Welcome desk.
- Do you still have your Covid-19 wristband? Don't forget to bring it with you! Those without one will get one with their social distancing preference colour;
  - Red (No Contact)
  - Yellow (Elbows Only)
  - Green (Open)

### **Preservice, During Service and Post Service:**

- Everyone will be required to maintain social distance at all times (guided by their wristband cue)
  - 1.5 meters or 6 feet apart is the recommended distance by the WHO
  - Seating arrangement will be according to the social distance guideline as well
  - Family members are free to sit together. We have made provision for 2 and 3 seats together

- Everyone will be required to wear their face mask at all times with their nose, mouth and chin covered
- Everyone will be required to have their wristband on, at all times
- All windows and doors will be wide open during the entire church service
- Microphones and any other common use equipment will not be shared. Social distance will be maintained on stage during all group participation
- Church service will be strictly from 10.00am to 11.30am. Chai and Mandazi will be provided after the service with high sanitization and catering precautions observed

**To help take care of each other:**

- Cover your cough or sneeze with your inner elbow. Use a tissue and dispose it into a trash can immediately after use. Maintain good hand hygiene by washing with soap and water, especially after coughing or sneezing. Avoid touching eyes, nose and mouth.
- Immediately report any potential Covid-19 symptoms or confirmed cases to an Elder or Staff member. **Immediate action will be taken to help the person urgently seek medical attention.** Feel free to also report any alarming situation or incidence to the church phone 0798 363 475.
- We highly recommend that anyone with high risk health situation or feeling unwell should continue attending our online church gathering until they feel well enough to attend in-person meetings
  - **For any further inquiries, don't hesitate to get in touch on the church phone 0798363475**
